

July – September 2015

## IBA Group Implements SAP at Gazprom Transgaz Belarus

On August 6, IBA Group launched an information management system based on SAP ECC 6.0 at the central office and 17 branches of Gazprom Transgaz Belarus. IBA Group created a comprehensive solution that combines analytical tools, means of transaction processing, and large amounts of data (ERP and BI).

## IBA Group Launches Analytical System at BPS-Sberbank

IBA Group developed an analytical system to monitor an ATM network at BPS–Sberbank, Belarus. The solution performs analysis of financial and technical KPIs using ad-hoc reports, and generates information that supports management decision-making. IBA applied advanced tools of business analytics and information management, including Informatica PowerCenter and SAP Business Objects.

## IBA Group Shortlisted for EOA Awards

On July 27, the European Outsourcing Association (EOA) announced the shortlist of the 2015 EOA Awards. IBA Group and its customer Minsktrans were shortlisted in the categories *Outsourcing Works — Award for Delivering Business Value in European Outsourcing* and *Pan-European Buyer of Outsourcing Services of the Year*. The entries featured the Automated Fare Collection (AFC) system that IBA Group implemented in the Minsk public transport.

## IBA Group Moves to New Premises in Gomel

On July 22, IBA Group held an official opening of a new office in Gomel, Belarus. IBA Gomel Park, a development center of IBA Group, is planning to expand its activities in the Gomel region with projected 200 new jobs. After the ceremony, the IBA Group management honored the best employees.

## Belarusian Railway Celebrates Millionth E–Passenger 2015

On September 24, IBA Group congratulated the millionth passenger who bought a travel ticket in 2015 using the online ticket system of Belarusian Railway. The system was developed by IBA Group in cooperation with Belarusian Railway and Belarusbank.

## IBA Eco City 2015

IBA Group held a festival to mark Knowledge Day and Minsk City Day. More than 1,500 guests gathered at the IBA Eco City festival in Minsk, including the company's employees and their kids, disadvantaged children from the Social Pedagogical Center of Minsk's Soviet District, and representatives of the children's supplementary education center *Svetoch* (Luminary).

## IBA Group to Offer New Solutions in Dubai

IBA Group will present its new solutions at the GITEX Technology Week to be held from October 18 to October 22 in Dubai, United Arab Emirates. The IBA's *Asset Walker* is intended for companies that maintain a multitude of assets, including equipment, transport vehicles, buildings, infrastructure, and networks. *Talent Constructor*<sup>™</sup> is a competency-based ERP portal that provides analysis, development, and planning in HR management. Visit our stand #706 at Hall 7!
